All BTech CSE/IT 6th Sem of both GEU and GEHU are hereby informed that there will be a group shuffling test on Feb 7th, 2022, Monday. The test will be the final test to shuffle students in placement groups for purpose of placement preparation. Students should note that their placement interviews start in the 7th semester and considering that almost one and half year offline classes could not be held due to the pandemic situation, which necessities a rigorous placement preparation.

Test Details are as follows:
Date: Feb 7, 2022
Time: 5:00PM – 7:00PM
Duration: 2 Hours
Location: Take from home (HackerEarth test link will be emailed to you 12 hours before the test scheduled)
Test Format: 4 Programming ques (C, C++, Java are allowed).
Note:
1. Stay away from cheating and copying codes as this is nothing to do with grades but it is an opportunity to assess yourself and put yourself in the right group for training.
2. The date and time of the test is final and cannot be changed in any circumstances.

For any queries now you can contact CEC members of GEU and GEHU.
