Note1: Students who are doing internship after taking NOC will appear for viva later, however it is expected that they are also completion their major project work.

Note2: The format of final report will be released soon after the viva and all groups who get clearance from their supervisors regarding their completion should start writing their final report. It is informed that all reports will be checked for plagiarism and failure to adhere to minimum standards will summarily result in rejection of report and the students have to rewrite again. To avoid such a situation students are directed to write everything in their own words.
