Instructions:

1. Please turn off your 2-step verification on Gmail before coming to lab, otherwise you will not be able to login inside lab as mobile phones are not allowed.
2. No mobile phone is allowed inside labs or LTs in any case.
3. Everyone is required to bring their own laptops (fully charged), just in case you didn't find lab machine working or you are allotted seating in LTs.
4. Bring 2-3 plain sheets for rough work with you.
5. In any case, **no one is allowed to take the test from home or no alternation in slot is possible**. If any fraudulent activity is found, such case will be dealt with punishment as per university rules.
6. Login window is of 15 mins only, so try to be present at the venue before time, no login is allowed after 8:15AM in morning and 2:15PM in afternoon session respectively.
7. **If any student do not appear for test physically, will not be allowed to sit in future placement classes.**
